U03. WEB SERVER ADMINISTRATION

OBJECTIVES

In this unit we are going to learn how to install and configure a web server. We will install and configure Apache (also using Webmin) and Nginx web servers.

CONTENT

The content of this unit is:

1. Introduction
2. HTTP protocol
3. HTTPS protocol
4. Digital certificate
5. MIME type
6. Web server administration

ACTIVITY

The activity consists in a guide to install and configure Apache and Nginx web servers. The activity is very long but it is very interesting so I advise you to do it step by step.

The activity is not mandatory and does not compute for the final grade.
